

Clean Slate Sobriety Workshop 2019 Agenda

Presented by Robert F. Gruler, Esq.
Founding Partner, R&R Law Group

The Clean Slate Sobriety Workshop is designed for those in treatment programs to help provide an education on the legal consequences of substance abuse as well offer an opportunity to learn how to clear current criminal charges or past convictions so that the individual can continue after treatment with a clean slate.

Part 1 of the workshop focuses on providing a primer on the drug and alcohol criminal laws in Arizona and specifically the severity of the penalties in this state. Part 2 is a guided group exercise to help those with current or past criminal convictions understand and complete the required documentation that is necessary to file the motion to set aside their conviction and begin the process of clearing their past record.

Time / Actual	Content	Logistics
